VISITOR EMERGENCY NUMBER
01423 724681

MOBILITY VEHICLE AND
WHEELCHAIR ACCESS
Steps are clearly labelled on the map.
Elsewhere, some slopes may be
encountered. Gradient arrows
indicate slopes and direction.

1 September to 31 October

Walk around the garden looking out for sculptures as you go – you may have to look closely to spot them all. The sculptures are all for sale with collection or delivery available from the beginning of November. If you'd like to buy any of them please arrange this at the garden entrance until 19 September and in the Bath House from 20 September onwards. 'Just Makers' have carefully selected sculptures suitable for most garden spaces, made in a range of materials including willow and stone by local artists.

★ These sculptures have been designed and created out of willow by Melanie Bastier for the RHS shows team and have been on display at Hampton Court, Chatsworth, Cardiff and Tatton flower shows through 2016/2017.

Our thanks go to Deborah de Brunner from 'Just Makers' for curating the sculpture trail.
